EXPERIENCE

Teletronics Technology Corporation, Newtown, Pennsylvania

Graphic Designer; September 2009 – Present

Responsibilities include designing graphics for various trade show booths around the world. Upgraded the company's identity with a more professional look starting with a series of brochures. Manage and maintain the company web-site.

Radcliffe Learning Center, Bristol, Pennsylvania

Graphic Designer; May 2008 – May 2009

Work directly with owner/operator on all marketing and advertising decisions. Responsible for branding and print design.

McDAY Advertising, Philadelphia, Pennsylvania

Graphic Designer/ Web Designer; May 2007 – May 2008

Excelled in the designing, managing, monitoring and updating of numerous McDay client sites. Additional job responsibilities consisted of print design, logo design and photography research.

Miller Advertising, New York, New York

Internship; May 2006 – October 2006

Supported Art Director in print design creations utilizing photo-editing tools, formatting text, type-setting and developing illustrations. Demonstrated dedication and a desire to learn, which resulted in employment post internship.

Global Traveler Magazine, New York, New York

Internship/Freelance; June 2005 - August 2005

Assisted Graphic Design Department with photo retouching, ad revisions, and extensive layout creations.
